Saxon Label is set up to be your one stop source for labels for all types of scales. We have direct thermal scale labels for most brands of electronic scales including Berkel, Bizerba, CAS, DIGI, Exact, Hobart, Ishida, TEC, and Toledo.

All weigh-scale labels are not the same. Designed for all weigh-scale/label manufactures, our labels are made to meet and or exceed weigh-scale manufacturer specifications. With Saxon labels, you'll have fewer jams, more accurate scans, longer printhead life, less dust and labels that will work through the widest temperature ranges and environments. Saxon labels will help optimize the functionality and longevity of your weigh-scale labeling equipment.

 Need a scale label with your own logo printed on it? Custom printed labels are available for virtually all applications. Minimum order for most custom labels is ten cases. We utilize the Pantone® Matching System to mix any color you want for your labels. Depending on label configurations you'll need to provide either samples of your existing label or a scanable logo or other graphics so our art department can produce a proof for your approval. More information on custom labels can be found below.

LABEL INFORMATION: We use materials that meet or exceed original equipment manufacturers suggested requirements. Adhesives used on stock labels are standard cold temperature with application temperature rating of minimum -20 degrees F. and service temperature rating of -65 to +200 degrees F. Other adhesives are available for any special need that may arise.

TERMS USED:

STANDARD FORMATS - A STANDARD FORMAT label is not normally in stock. Minimum quantity is 5 cases. Lead-time to ship for STANDARD labels is generally 7 to 10 business days. Occasionally we do have some STANDARD FORMATS labels in stock and can ship sooner.

CUSTOM - Minimum quantity on custom labels is 10 cases. Custom labels allow for changes to the stock label format . Custom labels will require artwork to be created, proof approval, printing plates and manufacture of labels. First time custom label orders generally take 7-10 business days after artwork is approved. All CUSTOM label orders are subject to a 10% over/under run. CUSTOM labels will have artwork and plate charges added to the first order. Backside timing marks where required are provided at no additional charge. There is no charge for artwork and plates for an existing CUSTOM label that you send us to duplicate. We use the Pantone® Matching System to match colors; there is no charge for standard custom colors.

How to create a CUSTOM label:

- If you already have a custom label you can send us a strip of 5 or more labels which we can duplicate (no plate charges on existing labels!).

- Send us camera-ready artwork for your custom label. Be sure to list colors by Pantone number, if available.

- For text only, send us the text you would like to insert on the label as well as the color of that text. There may be a setup fee of $75 per hour for artwork creation.

- Logos will need a scan ready copy (faxes will not work!)

- We can quote custom labels on the phone. Please send us your request along with the labels or artwork mentioned above by mail or email for a quotation.

Ordering/Quoting Information: There are several ways to order or get a quote from Saxon Label. Call us at **customer service 800-727-1976 / Fax 248-398-2359** or e-mail us **scalelabel@saxoninc.com** and we'll get back to you promptly.

Thank you for opportunity to meet your needs.
